WESLEY COLLEGE

By daring & by doing

FROM THE HEADMASTER

I am delighted to present the new Strategic Plan for Wesley College.

The first thing you'll notice is that our motto, *By daring and by doing*, is at its heart. It's an extraordinary motto, that has stood the test of time for nearly 100 years. A motto that is as alive today as it was in 1923.

Every step of developing this plan was driven by our values and powered by our purpose. We remain committed to each student achieving their personal best.

What is provided here is a snapshot of the framework, with explicit and exciting goals for 2021. Each year our priorities will evolve and adapt as we move the College forward.

I want to thank the many students, parents, staff, alumni, Uniting Church and Council members who contributed to this shared vision for our community.
