Information for Students and Parents to assist with the selection of Sporting Preferences

Selecting Sports

Sport at Wesley is compulsory. Participation in sport provides life skills beyond the enjoyment of the sport itself, including teamwork and developing healthy and active lifestyle habits that we hope will continue for life.

All students are required to select and participate in a summer and winter sport. Every effort is made to give students their first choice of sport, however, sometimes it may be necessary to allocate students to their second preference, in which case, you would be notified.

Wesley students participate in before and after school sports training.

In Years 5-6, students compete against other Junior Public Schools' Sport Association (JPSSA) schools. Inter-school fixtures are typically held on Thursday afternoons for Years 5 and 6 students.

Parents and Students should be aware that some sports require the use of specific uniform and/or equipment, such as a tennis racket, hockey stick, mouth guard and shin pads. All participants must have the required equipment.

For further information, please refer to the 2024 Middle School Handbook.

SUMMER SPORT SELECTION

Summer sport is conducted during Terms 1 and 4

PLEASE SELECT

Have you had previous involvement in any of the following:

Athletics	<input type="checkbox"/>	Cross Country	<input type="checkbox"/>
